Fish & Shellfish

Emulsified

For emulsified and combined fish products such as

- Salmon paté,
- Fish meatballs,
- Fish Sticks
- Surimi

We supply mixes with all the necessary ingredients to give the desired texture, taste, shelf life and yield.

Marinated

For applications within marinated, salted and / or smoked fish and shellfish products as Herring, Salmon, Shrimp and Mussels, we can offer marinades and brine mixtures with or without taste.

Application	Product name	Properties	Dosing, %
Matjes / herring	DenFish Matjes curring series	quick curring agent for matjes/herring	1,5-2,5 in brine
Shellfish	DenBrine Shellfish	total brine solution that gives better texture, taste and higher yield while preserving the shellfish	5-6 in brine
Fish injection	DenBrine Fish series	well balanced, phosphate free, composition of high functional ingredients for fish injection. Injection level 20%	3,5 in brine
Fish pate	DenMix Fish pate series	blend of specially selected hydrocolloids for producing various types of fish pates	3-4 final product
Fish meatballs	DenMix Fish meatballs series	blend of texturants providing good texture and bite for fish meatballs	1-4 final product
Surimi	DenCarr series	starch free solution for surimi products	4 final product
